

SCARED TO SPEAK FOLLOW THEIR FOOTSTEPS

Moses - challenged Pharaoh and his diviners

Elijah - challenged King Ahab and the priests of Baal

John the Baptist - challenged King Herod and the Pharisees

Jesus Christ - challenged the Pharisees, the dishonest and unclean business owners (**CLEANSED THE TEMPLE AND KILLED THE PIGS**) and will return to overthrow the anti-christian one world government.

Their Challenging brought forth Cultural, Spiritual, and/or Political Change (repentance) BUT condemnation from the government and rejection from the people who they loved and were sent to save.

What Happened to
the Church, Judas?

PIG KILLING PRODUCES

PERSECUTION

The slaughtering of the swine in Mark 5 generated an intense hatred towards Jesus by those in the community who were raising these pigs for profit. These offended business owners became the LOUD MINORITY and tipped the point of public opinion against Jesus. Many Christians are hesitant in this generation to challenge the industries and power players to avoid being offensive or being slandered by an angry and hostile radical group.

There are powers and principalities in the world today that are attempting to force Christians to remain silent. This liberal secular spirit was elected by the majority of Americans, who also claim to be Christians.

Why did Christians choose to empower a government who judges and condemns the church (Body of Christ)?

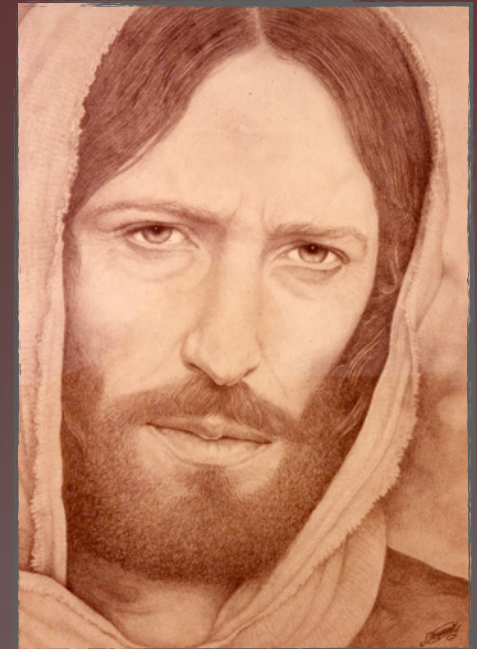

Economy and social justice was the moral value of many. Ironically, the thought that provoked Judas to betray Jesus was "What about the poor" (John 12:4,5). Judas received 30 pieces of silver (a piece of the prosperity pie) and sold out the Prophet for the poor (really for his own gain).

Jesus said "You will always have the poor". Socialism does not end the curse of poverty - Jesus does; but he has been rejected by the government and betrayed by the church.

WARNING:

believing and sharing the following information might cause persecution and rejection from churches and political arenas

*Jesus Was a
Pig Killer*

LOVING THE PEOPLE AND
CHALLENGING THE
INSTITUTIONS

Jesus Changes Lives - Cleans Up Communities, Cultures, and Corruption.

In Mark Chapter 5, Jesus delivers a man who was possessed by spirits named Legion. After much begging on behalf of these demons to be cast into the swine - Jesus released them into the pigs, driving them off the cliff and falling to their deaths.

Jesus is the same yesterday, today, and forever. If he was a pig killer, **HE IS A PIG KILLER!**

When was the last time you killed some pigs?

To the Jewish Messiah, these pigs were unclean. To the Gentiles that were raising them, these pigs were their profit. Jesus changed this man - spirit, soul, and body; but did not stop at evangelistic personal ministry. He cleaned up the unclean business that was the stronghold of that man's community. The church must love it's neighbors to the fullest by spiritually cleaning up the evil and the culture of death that ruins their neighborhood.

Modern Day Pigs include: **Pornography** - 97 billion spent worldwide each year (more than the G8 top richest nations give to Africa on a yearly basis). **Abortion** - 50 million American children were eliminated by choice and for profit since 1973. **Extreme Poverty** - 1.4 billion people live on less than \$1.25 per day. **Secular Socialist Statists Governments** - the socialist transfer of wealth is starving the charities and churches while feeding governments and 'soft tyrannies'.

SECULAR SOCIALIST STATIST

The role of the Church throughout the age of grace was to advance the Kingdom of God and restrain the force of evil in the world. In **II Thessalonians 2:3-12**, the Apostle Paul writes that the anti-Christ (the man of lawlessness) can not openly dominate and deceive the world until "he which restrains him is no longer". The Church is to restrain this spirit and person until we are removed (raptured) from the earth. Our Moral Responsibility is to push back and resist against this deceiving spirit with discernment and intercession (**Watch and Pray - Luke 21:36**)

ONE WORLD ECONOMY

(Rev 13:16,17) predicts a world leader who will create a global economy that controls both the rich and the poor. This new economic structure will bring prosperity to the crumbling world financial markets and establish this new world leader as the ultimate problem solver (Dan 8:24, 25). There are numerous private and public organizations who are forming and developing plans to implement this system including the United States and her NATO allies along with the G8 richest nations.

The collapse of the American Dollar will be the tipping point for globalization.

The pre determined goal of the centralized World Bank and the Bilderberg Club.

ONE WORLD GOVERNMENT

(Dan 7:26) predicts that the above world leader will descend from the people who destroyed the Temple (70 A.D.). This act was accomplished by the Roman government. (Dan 2:42) states that the final Iron Kingdom (represents Rome) is a combination of hard and soft governments - dictatorships and democracies. They will unite together to build a world empire rooted in the former areas of Rome (Europe and the Mediterranean) and signs a peace treaty (Dan 9:27) with Israel* - became a nation in 1947

Jerusalem will be a stumbling block to the whole world - the world leader will make his capital here

The European Union formed a unified front in 1956 as they signed the Treaty of Rome

HOMOSEXUAL WORLD LEADER

(Dan 8:25) predicts this new world leader will **CHANGE** the times and the laws. It is said, he has no desire for women (Dan 11:37) and Jerusalem which means "Peace" has its spiritual name changed to Sodom (known for homosexual citizens) when this leader sets up his capital there (Rev 11:8). Currently, a worldwide initiative through the United Nations is under way to overturn the laws protecting traditional marriage, promote homosexuality in public schools, and to silence all speech opposing this lifestyle.

The changing of the laws is part of the agenda of the anti-Christian movement.

Our freedom of speech is being restricted when opposing views of homosexuality will not be tolerated.
