

CREDIT UNION

Pierce County's Oldest Credit Union

John Bechtholt
Chief Executive Officer

Dear Council 2 Member:

One of the many benefits your union membership brings is eligibility to join TAPCO Credit Union.

The oldest credit union in Pierce County, TAPCO is a non-profit cooperative financial institution. Unlike banks, which exist to earn money for stockholders, members own TAPCO, that means lower rates on loans and higher dividends on savings for you!

As a credit union member you will be able to take advantage of our full range of low cost services.

Need a new car? A low-interest loan from TAPCO allows you to bargain just like a cash customer. Looking for a new home? TAPCO's home mortgage department consistently has one of the lowest rates around for 30 and 15-year fixed rate mortgages. Great rates are also available for home refinancing, home equity and construction loans.

TAPCO's VISA Extra Awards Program earns members *free* travel and merchandise with every purchase, plus, excellent personal service that let's you mail your payment or drop it by any branch. TAPCO also offers a Checkless Check card. This supercharged ATM card brings all the convenience of a regular ATM card plus the added benefit of being able to tap into your checking account wherever VISA debit cards are accepted.

Log onto www.tapcocu.org to sign up for on-line bill payment, monitor your accounts, transfer funds, apply for a loan and export account information to Microsoft Money or Quicken applications. Online banking is available 24 hours a day, seven days a week *free of charge!*

Since 1934 TAPCO Credit Union has provided public employees the best possible financial services available. For your new member package, contact the Member Services Department at (800) 345-7183.

Sincerely,

John Bechtholt, CEO

TAPCO Credit Union
