## TWO MILLION GOSPEL PRESENTATIONS!

The two millionth person viewed the Gospel shortly after 12:01 PM on January 14, 2011. One of them from Burlington, Ontario, Canada, made a decision for Christ. As of today that number has grown to 2,092,184. This is a notable achievement in the delivery of the gospel.

Looking back, I remember Missionary Peter Dell's reaction when he accidentally launched [www.JourneyAnswers.com](http://www.JourneyAnswers.com). I felt it was a God moment. He was not sure. Immediately a public launching was scheduled. In just 27 months we have increased our delivery of the gospel to one person every 23 seconds, worldwide 24/7. This is a remarkable use of technology for spreading the gospel.

Network211's websites and the 1-2-1 Connections software have proven to be successful tools for digital evangelism and discipleship. Today's report (2/9/2011) declares that more than 159,013 have made an Evangelism Response, with 57,898 of them forming a Discipleship Connection. The last three inquirers were for Yerevan, Armenia; Hanoi, Vietnam, and Fairport, NY, USA.

You will see below the captured screen from [www.Project10Million.com](http://www.Project10Million.com) as the 2 million mark approached. Eight minutes later the report jumped by an additional six people. Please go to [www.Project10Million.com](http://www.Project10Million.com) to see our report in real time. As you view it please make it a time for prayer and praise.

Our faith goal for Project 10Million is to deliver the gospel to an additional 1.6 million people in 2011. The cost to deliver the gospel to one person last year was twenty-one cents. Our proposed monthly budget for online evangelism is \$30,000. Please [consider a contribution today](#) that will help us reach people who are searching the Internet.

Network211 could not have come this far without the faithful support of our partners who pray and volunteer their time and money. The Network211 staff joins me in expressing our appreciation to you.
