Ministry In Malawi

Sunday AM in Mozambique

This past August, Glad Tidings of San Francisco ministered in Malawi!

Pastor Forrest & Christina Beiser brought 52 members of Glad Tidings and did we have a great time! They painted dorms at the Bible college. They ministered through puppets, dance, drama and preaching the word. Many lives have been touched and changed here in Malawi for the glory of God!

We recently had the opportunity to minister in Mozambique during a weekend in September. Like many areas of Malawi, the spiritual climate is in need of the gospel of the Lord Jesus & the power of the Holy Spirit to drive away the darkness. We rejoice that some received the Lord Jesus and others were released from demonic oppression & possession. Witchcraft is still practiced so please continue to pray for the captives to be set free!
