CASTING THE NET!

Jesus said, "The kingdom of heaven is like a large net thrown into the sea." (Matthew 13:47).

One way that Project 10Million uses the Internet to "fish" for the lost is by using Google Ad Words to direct them to God via www.JourneyAnswers.com.

How big is the net? People from 236 countries and territories have viewed the gospel on our websites. As of today, 2,450,643 have viewed one of our gospel presentations. Here are the results in the five top countries and five others of interest:

Top Viewer Countries		Countries of Interest	
• Philippines	540,122	• Saudi Arabia	35,274
• India	418,951	• Bangladesh	16,525
• United States	200,587	• Romania	10,075
• Pakistan	106,213	• Israel	5,082
• China	83,844	• Mongolia	2,436

Every day approximately 4,000 people are drawn into the "net" via Project 10Million. We reach out to people in English, Farsi, Vietnamese, Chinese, Indonesia and Spanish. Every day our volunteer staff follow-up more than 100 inquirers through our secure messaging system.

We need your help to reach 10 million people as soon as possible. What can you do?

- **Pray** – Go to www.Project10Million.com and pray for the people who have recently responded to the gospel. Then pray for our staff and team of volunteers.
- **Volunteer** – Become a Connector and respond to new Inquirers over our secure messaging system. Sign up at Connector.team10million.com.
- **Give** – You can make a monthly commitment or a one-time offering. It costs about 17.4 cents to present the gospel to one person. Ask yourself, "How many people can I provide with a gospel witness?" Make the calculation. [Donate here.](#)

Project 10Million is casting the net via the Internet around the clock. Thank you for your partnership in reaching the lost in the nations of the world.

Partnering for the lost,

Carley M. Touchstone,
Director of Development
