

JOIN US IN TANZANIA

August 11 -15, 2013

Is your church ready to help protect and sustain the well-being of vulnerable children in Tanzania? World Vision is inviting senior pastors and one other key member of your church to join other leading U.S. pastors to visit Tanzania.

THIS IS YOUR INVITATION

You'll be given a first-hand experience with World Vision's work in the African country of Tanzania.

You'll discover how your church can partner with World Vision to work with Tanzanians to develop sustainable solutions.

TRIPS FOR A PURPOSE

This trip to Tanzania has been hand-crafted to give you an introduction to:

- ▶ World Vision's development model
- ▶ Give an understanding of sustainability and local empowerment as well as a Biblical framework for a holistic view of development
- ▶ Child sponsorship and how it works
- ▶ Experience all of these things up close and personal - including visits with sponsored children, their families, local staff and community

THIS IS JUST THE BEGINNING

Your long-term partnership will not only help lift Tanzanian communities out of extreme poverty while sharing the Gospel—it will also transform your church.

Please contact Amy Hadley at 1.800.478.9981 for a trip application or more information.
