EVERY MARRIAGE MATTERS

Dear Pastor,

Ministry is very hard on marriages.

Every Marriage Matters is committed to helping pastors and those in full time ministry have a strong, fulfilling positive marriage. We understand that various times Christian counseling can be very helpful, but it also can be expensive. It can also be difficult to know who to trust in terms of finding a counselor who is well-trained, confidential, pro-marriage, Christian-based and professional.

We have screened professional counselors in the Portland Metro area and have a list of counselors who fit the above criteria. We also have been provided funds by several individuals who have a heart for the marriages of those in ministry.

We want to help any marriage in the Portland-Vancouver area that might need encouragement and assistance. Please contact us if you are interested.

God bless,

Dr Steve Stephens, President
Every Marriage Matters

Your application for assistance will be evaluated to place you with counselors meeting your needs and proximity as well as the funds we have available. Upon acceptance you will be provided a list of 3 counselors who appear to meet your needs and an identity number (for confidentiality and accounting purposes). You would then select and contact the counselor of your choice from the list of 3 to arrange an appointment. You need to be prepared to pay a $25.00 co-pay directly to the counselor per session. A maximum of 5 sessions will be underwritten. The confidentiality of your identity and information is of great importance to us.
