The great "**CRUSADE FOR CHRIST 2019**" will be held in Fort Worth, Texas, **June 23-June 28, 2019** at the **Fort Worth Convention Center**. This phenomenal evangelistic campaign is the largest of its kind among Churches of Christ. The Lord has truly blessed this effort and each Crusade grows in attendance and the number of seeds planted for the Lord. We believe this **Crusade** will be the best ever and we want to encourage **YOU** to make plans now to attend. We desperately need your help — through prayers, financial support, and attendance — to continue this evangelistic effort.

NATIONAL DIRECTOR

Dr. Daniel Harrison

The **2017 CRUSADE FOR CHRIST** in Charlotte, NC was magnificent. Our foot soldiers knocked on over 6,500 doors. **We witnessed a great number of restorations and 42 souls were baptized into Christ.** Bible classes continue to be taught in that city as a result of the Crusade.

**DIRECTOR/

John H. Dansby, Sr.
(318) 221-8120
(318) 929-0054

2019 will mark the **40th Anniversary of the Crusade** and we want to enter Fort Worth with a great number of Christians, to take the city for Christ! We want the world to know that the Church of Christ is a caring group of Christians spreading the Gospel so that "We May All Be One." Please tell **everyone** you know about the **2019 Crusade for Christ** and encourage them to attend. Many from across this great brotherhood have indicated **that they did not receive any word of the past Crusades.** Therefore, we earnestly solicit your help in getting the word out concerning this enormous evangelistic effort.

Do you take several medications, or help someone manage their many medications?

Taken correctly, medications can help us feel better and live longer. But making mistakes with medications can lead to serious health problems.

The good news is that a team of experienced pharmacists and nurses is here to help. The C-MEDS program from Independence at Home helps seniors and their caregivers take medications safely for better health. ***Even better news: the C-MEDS program is free.***

Do you know someone who needs help managing their medications?

Medications can help us feel better and live longer, but they can also be dangerous if taken the wrong way. Many people make mistakes when taking their medicine. In fact, about 50 percent of patients do not take their medications as prescribed.* These mistakes can cause serious problems, ranging from falls to medical conditions, hospital stays and even death.

The good news is, we have an experienced team of pharmacists and nurses to help you manage your medications. Our goal is to help minimize problems with medicines to increase health outcomes with safe medication use. Medication Safety Program services are provided at no cost to the community.

Do these questions apply to you—or someone you care for?

- Do you take five or more medications?
- Does more than one doctor prescribe medications for you on a regular basis?
- Do you get your prescriptions filled at more than one pharmacy?
- Is it hard for you to take your medications as prescribed, or do you sometimes choose not to?
- Are there any medications that you need that you are unable to get?
- Do you have questions about how your medicines work and how to take them?

If you answered yes to any of these questions, call us today for help: 866-421-1964

To be eligible for this program, you must be:

- An adult 55 years and older who is having issues related to medication management.
- An adult caregiver who assists a person 55 years and older with their medication management.
