2019 will mark the **40th Anniversary of the Crusade** and we want to enter Fort Worth with a great number of Christians, to take the city for Christ! We want the world to know that the Church of Christ is a caring group of Christians spreading the Gospel so that "We May All Be One." Please tell **everyone** you know about the **2019 Crusade for Christ** and encourage them to attend. Many from across this great brotherhood have indicated **that they did not receive any word of the past Crusades.** Therefore, we earnestly solicit your help in getting the word out concerning this enormous evangelistic effort.

GREETINGS CHURCH FAMILY!

We have an urgent need regarding the health of both
Kinwood and Myra Devore

They are both in need of prayer and assistance

How can you help?

- 1) Go to the webpage: GOFUNDME.COM
- 2) In the top, left corner (search box) type: KINWOOD MYRA
- 3) Click on the link and read all about their medical emergency.
- 4) Donate
- 5) Tell a friend

It's really that simple! You can donate individually, as a group or even as a congregation. Please spread the word to as many friends and family who know the Devore family.

We Thank You So Much and God Bless!

Myths America Lives By White Supremacy and the Stories That Give Us Meaning

“In beautifully written, prophetic cadences, Hughes calls all . . . white Americans to examine themselves and see the painful truth that we are all infected with the highly contagious disease of white racism. There is no other work that I am aware of that matches the wisdom of *Myths America Lives By*.”—Harry Stout, Yale University

Six myths lie at the heart of the American experience. Taken as aspirational, four of those myths remind us of our noblest ideals, challenging us to realize our nation's promise while galvanizing the sense of hope and unity we need to reach our goals. Misused, these myths allow for illusions of innocence that fly in the face of the primal American myth that stands at the heart of all the others—the myth of white supremacy.

In this revised, second edition of his celebrated work, Richard T. Hughes delves anew into the thought of black critics dissatisfied with America's betrayal of its foundational beliefs. Speaking for people often marginalized in American life, thinkers like Malcolm X, Ta-Nehisi Coates, Yolanda Pierce, Carol Anderson, Charles Blow, Toni Morrison, and Martin Luther King Jr. offer important perspectives on African American experiences, the pervasiveness of white supremacy, and the ways America can embrace, and deliver on, its egalitarian promise. Hughes's updated text and new introduction investigate past and present intersections of white supremacy with our shared American mythology.

*“Myths America Lives By is a book we all need in order to understand ourselves, to understand our nation, to understand White supremacy.”—Ibram X. Kendi, National Book Award-winning author of *Stamped from the Beginning: The Definitive History of Racist Ideas in America**

*“It takes a whole lot of courage for white theologians and scholars to speak the truth about race. If we had more white theologians and religion scholars [like Hughes] who would break their silence about white supremacy and face it for what it is, we—together—could make a better world.”—James H. Cone, author of *The Cross and the Lynching Tree**

*“In this provocative and prescient argument, Richard Hughes challenges us to rethink the fundamental framework around which we view our country, our leaders, our neighbors, and ourselves. . . . This book [is] . . . a powerful and timely call to have the courage to ask aloud the extent to which white supremacy has defined each of us. It is an essential, though . . . controversial task. But one critical today in a rapidly changing America . . . as we debate about who we are and what we will become.”—Michael Anastasi, Vice-President and Editor, *The Tennessean**

*“Myths America Lives By is prophetic—not merely in the predictive sense, so evident in the first edition, but in the far more consequential sense of prophecy as calling us to repentance and to our better selves. This is a very fine book, offering both a searing critique and a summons to embrace our common humanity.”—Randall Balmer, Dartmouth College and author, *Redeemer: The Life of Jimmy Carter**

*“If we want to break the cycle of American racism, we must confront our history and the myths that underlie it. Reading Richard Hughes's *Myths America Lives By* is a good place to start.”—Beverly Daniel Tatum, President Emerita, Spelman College and author, *Why are All the Black Kids Sitting Together in the Cafeteria? And Other Conversations about Race**

*“Hughes thinks hard and listens even harder to the historians, the scholars and, most of all, the prophets who understood the malignancy of white supremacy long before he did. The result is *Myths America Lives By: White Supremacy and the Stories that Gives Us Meaning*. Once again, Hughes' willingness to tell the truth about the myths we live by has put us all in his debt.”—Tony Norman, columnist, *Pittsburgh Post-Gazette**

*“James Baldwin wrote in 1963 that ‘everything white Americans think they believe must now be reexamined.’ Richard Hughes has done that reexamination humbly, and admirably, in this rewrite of his classic *Myths America Lives By*. I strongly recommend this revised book. Every white Christian should read it.”—David Gushee, immediate past president, American Academy of Religion*

Richard T. Hughes is a professor emeritus at both Pepperdine University and Messiah College. He is the author, coauthor, or editor of more than a dozen books including *Illusions of Innocence: Protestant Primitivism in America, 1630-1875* and *Christian America and the Kingdom of God*.

GREETINGS CHURCH FAMILY!

We have an urgent need regarding the health of both
Kinwood and Myra Devore

They are both in need of prayer and assistance

How can you help?

- 1) Go to the webpage: GOFUNDME.COM
- 2) In the top, left corner (search box) type: KINWOOD MYRA
- 3) Click on the link and read all about their medical emergency.
- 4) Donate
- 5) Tell a friend

It's really that simple! You can donate individually, as a group or even as a congregation. Please spread the word to as many friends and family who know the Devore family.

We Thank You So Much and God Bless!

Myths America Lives By White Supremacy and the Stories That Give Us Meaning

“In beautifully written, prophetic cadences, Hughes calls all . . . white Americans to examine themselves and see the painful truth that we are all infected with the highly contagious disease of white racism. There is no other work that I am aware of that matches the wisdom of *Myths America Lives By*.”—Harry Stout, Yale University

Six myths lie at the heart of the American experience. Taken as aspirational, four of those myths remind us of our noblest ideals, challenging us to realize our nation's promise while galvanizing the sense of hope and unity we need to reach our goals. Misused, these myths allow for illusions of innocence that fly in the face of the primal American myth that stands at the heart of all the others—the myth of white supremacy.

In this revised, second edition of his celebrated work, Richard T. Hughes delves anew into the thought of black critics dissatisfied with America's betrayal of its foundational beliefs. Speaking for people often marginalized in American life, thinkers like Malcolm X, Ta-Nehisi Coates, Yolanda Pierce, Carol Anderson, Charles Blow, Toni Morrison, and Martin Luther King Jr. offer important perspectives on African American experiences, the pervasiveness of white supremacy, and the ways America can embrace, and deliver on, its egalitarian promise. Hughes's updated text and new introduction investigate past and present intersections of white supremacy with our shared American mythology.

*“Myths America Lives By is a book we all need in order to understand ourselves, to understand our nation, to understand White supremacy.”—Ibram X. Kendi, National Book Award-winning author of *Stamped from the Beginning: The Definitive History of Racist Ideas in America**

*“It takes a whole lot of courage for white theologians and scholars to speak the truth about race. If we had more white theologians and religion scholars [like Hughes] who would break their silence about white supremacy and face it for what it is, we—together—could make a better world.”—James H. Cone, author of *The Cross and the Lynching Tree**

*“In this provocative and prescient argument, Richard Hughes challenges us to rethink the fundamental framework around which we view our country, our leaders, our neighbors, and ourselves. . . . This book [is] . . . a powerful and timely call to have the courage to ask aloud the extent to which white supremacy has defined each of us. It is an essential, though . . . controversial task. But one critical today in a rapidly changing America . . . as we debate about who we are and what we will become.”—Michael Anastasi, Vice-President and Editor, *The Tennessean**

*“Myths America Lives By is prophetic—not merely in the predictive sense, so evident in the first edition, but in the far more consequential sense of prophecy as calling us to repentance and to our better selves. This is a very fine book, offering both a searing critique and a summons to embrace our common humanity.”—Randall Balmer, Dartmouth College and author, *Redeemer: The Life of Jimmy Carter**

*“If we want to break the cycle of American racism, we must confront our history and the myths that underlie it. Reading Richard Hughes's *Myths America Lives By* is a good place to start.”—Beverly Daniel Tatum, President Emerita, Spelman College and author, *Why are All the Black Kids Sitting Together in the Cafeteria? And Other Conversations about Race**

*“Hughes thinks hard and listens even harder to the historians, the scholars and, most of all, the prophets who understood the malignancy of white supremacy long before he did. The result is *Myths America Lives By: White Supremacy and the Stories that Gives Us Meaning*. Once again, Hughes' willingness to tell the truth about the myths we live by has put us all in his debt.”—Tony Norman, columnist, *Pittsburgh Post-Gazette**

*“James Baldwin wrote in 1963 that ‘everything white Americans think they believe must now be reexamined.’ Richard Hughes has done that reexamination humbly, and admirably, in this rewrite of his classic *Myths America Lives By*. I strongly recommend this revised book. Every white Christian should read it.”—David Gushee, immediate past president, American Academy of Religion*

Richard T. Hughes is a professor emeritus at both Pepperdine University and Messiah College. He is the author, coauthor, or editor of more than a dozen books including *Illusions of Innocence: Protestant Primitivism in America, 1630-1875* and *Christian America and the Kingdom of God*.
