Welcome from Pastor Bob

Welcome to St. Paul United Methodist Church! Whether you're a long-time member or a first time guest, I'm glad you're worshipping with us today as we continue to discover the power of the Holy Spirit through our series, "Awaken." This Sunday we are learning how sometimes breaking from tradition can open up a greater connection with God and others. Our next series, "Why?" begins next week and will address some of the tough questions that can cause us doubts and rock our faith. I hope you'll join us for that.

If you would like to know more about St. Paul, our ministries, and our mission to Glorify God, Grow in Faith, and Give in Love, I invite you to take a look through this bulletin or visit our Connection Center off the side of the sanctuary lobby. You can also visit our website, stpaulumc.org, to learn more about us.

I'm so excited about what the Lord is doing here at St. Paul, and so grateful to have each of you be a part of it.

Bob Martin, Senior Pastor

10:30 Contemporary Worship Snapshot

A typical contemporary worship at St. Paul lasts about an hour. Our worship is filled with current Christian music from our praise band. You are invited to sing along with the words on the screens, or simply enjoy the music. Our scripture and message are the same theme as the 9 a.m. worship. You'll notice every week there's time in our service to give financially. While this is something we're called to do in scripture, it's also just our way of saying, "We love our church and we want to support it!" However, our guests should feel no pressure to give today.

Construction Update

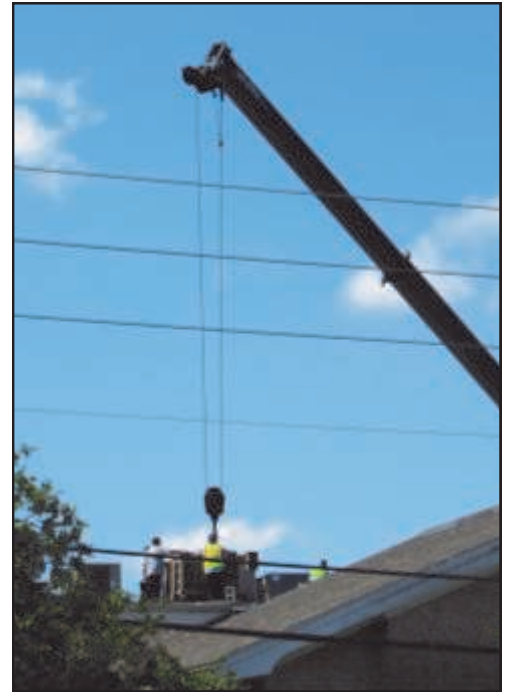

All of the shingled roofs have now been completed. This week, materials have been delivered for work on the flat roofs. **It's** good to know that the roofs will be water tight before storm season, which will be here soon!

Once all of the fascia work is completed, all three buildings will be power washed and the bricks sealed to help prevent water penetration through the bricks. Following the power washing, the trim on the Sanctuary, Nursery Building (Bldg B) and the **Children's Building (Bldg C)** will be painted with a fresh coat of white paint. The air conditioning work in the Preschool hallway serving all of the classrooms should be done this week. We will finalize the ordering of windows to replace the old leaky windows that no longer fully shut. New windows will help us save money on AC. They will be installed later this month.

Work on the runs to the balcony of the Sanctuary will be routed to the Connection Center (former Family Room/Parlor) so we can remove the window unit hanging outside and replace that with a piece of solid glass. We once again will be able to have a working thermostat in that room.

Work is also continuing in the CLEC. Pipes are being wrapped. This is a slow, tedious process but will be well worth it. The Prop Room, the Scout Room and the Mariposa Café have been completed and the crew is **working in the Carpenter's Room and hallways.** (Work will also be done in the chiller yard as they begin refurbishment of the system. The painting contractor power washed the CLEC, fixed areas where there were gouges in the sides of the building and started painting the building. It is being painted in a similar color scheme to the existing colors. They started painting in the back of the building so we could test the colors chosen. You will notice it is more tan and brown with less orange in its tone and will look sharp with the new multi-brown dimensional shingles. The trim will still be white. Once it is finished, the gutters and downspouts can be installed. Please continue to keep the project in your prayers.

Blessings,
