## Life Groups... Connecting with people

Getting connected within our fellowship is as easy as one, two, three... Simply join a Life group...

with others) the common thread between them all is people spending time with people... people loving people... people growing together... people having fellowship together.

*We invite you to join a LIFE Group as part of our fellowship. We need each other and we need to both be known and know those we belong to.*

Life groups come in many shapes and sizes...

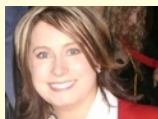

Some LIFE Groups are home fellowships, some are groups that meet in restaurants, some are affinity based (things people like to do together

Our LIFE Groups are designed to assist people in connecting and growing in fellowship with one another, learning to love in tangible ways. Jesus answered an amazing question once something like this, *"The greatest commandment, is to love God with all your heart, soul, strength and mind and the second is like it, to love your*

*neighbor as yourself..."* these groups help us fulfill the second greatest command and really as we love others, we are demonstrating the depth of the first one too...

*"Since being involved in a Life group I feel more connected to my brothers and sisters in Christ."*
