Wonder of Wonders

The world is filled with wonders, writes Nathaniel Olson. Consider chemistry: salt is formed by two poisonous substances (sodium and chlorine). The alnico magnet, the world's strongest, contains three nonmagnetic substances (aluminum, nickel, and cobalt). And water consists of oxygen (which is flammable) and hydrogen (which burns easily); yet water puts out fires!

That pales in comparison to the wonder of salvation through Jesus. Every day, Olson writes, Jesus transforms hopeless sinners into new, forgiven creations. “On the sidewalk rows of our cities, in wealthy and poor homes, in jungles...whenever any soul wants Christ, the wonder of the new birth is taking place.”

Our God is the true wonder of wonders. “None can compare.” Psalm 40:5

Thought of the Week:

Reading the Bible without meditating on it is like trying to eat without swallowing.

Summer Extended Care Registration Forms Available

K.E.E.P. will be open from 7 a.m. – 6 p.m. Monday through Friday (earlier arrival times *may* be available). The cost is \$6/hour, \$40/day or \$175/maximum per week per child. Pick-up/Drop-off Table Located by Staircase

A table is located by the front staircase of the school for items that need to be dropped off for students, teachers and/or other parents. This is where parents should leave things that students have forgotten such as lunches (put in the drawer below the table), backpacks, books, homework, etc.

Also, this table is where students/parents can pick up homework assignments left by teachers when students miss school.
