

FOR YOUTH DEVELOPMENT®
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

We are 9 months into the DTC project and we wanted to share with you what you can expect this spring. During the winter months, a lot of progress has been made inside the new Y. If you have not seen the sneak peeks, make sure to visit our Facebook page where we share links to our photo diary of our progress.

Looking ahead, beginning April 17th, work will start on sewers which will impact your entry into the Y. To date, we have been able to be business as usual which is very important to our members. As progress is made, be sure to follow the directions of our builders for parking and note there will be a construction walkway with gravel.

PLEASE NOTE:

- **CONSTRUCTION** on Northwestern and Madison begins April 17th
- **NEW APPROACH** to access the Y on a gravel walkway
- **NO ACCESS TO PARKING** that was closest to the Y
- **MERRITT AVENUE ENTRANCE** will be unavailable at some point during spring construction.
- **20TH AVENUE & TENNIS CENTER LOCATIONS ARE OPEN** and offer many program options. *Details are available at oshkoshymca.org or visit with any of our staff for more information.*
- **EARLY JULY: PHASE 2 BEGINS** The Basketball Gym will close for a complete renovation. During this phase, the gym will be completely closed. Our plan is for you to already have access to the NEW Wellness Center, Group Exercise, Locker Rooms, Pools, Indoor Track and Child Care.

We realize this will cause inconveniences. We appreciate your patience. This is all so we can open the new building this summer with sidewalks, parking, and curbs & gutters for the new Y facility. The full project is scheduled for completion by the end of 2017.
