Do you feel like you need to hit this in your family's life?

Then open this and **READ MORE!** There's good news!

What did you wind up getting out of your last vacation?

What if you could have a vacation that would have an *eternal impact* on your family and also could *impact another generation*? Would you do it? How about a “*vacation with a purpose?*”

THAT'S *Family Fusion!!*

What is Family Fusion?

Since 2006, *The Church @ The Ridge* has been committed by “*impacting another generation for the glory of God by changing people’s perspective.*” One way we have always felt called by God to do that is to seek ways to strengthen families and equip parents to make disciples in their own home who will make disciples in the next generation. What you hold in your hand is an OPPORTUNITY to see God do something amazing in your family!

Family Fusion is quite simply a Family Camp. When parents send their kids to a youth or children’s camp or retreat, they rarely get to experience the excitement, joy, fun, renewal, growth, or revival that happens in those times. What happens at a Family Camp is the whole family gets to have such an experience *together!* We think it is the *ultimate* in a family vacation!

When you attend **Family Fusion**, our prayer is that you will have the best vacation you’ve ever experienced with your family as you **HIT PAUSE** in your fast paced life...**REFRESH & RENEW** your heart, mind and soul...and **RECONNECT** in your relationship with the Lord and with one another.
