

Eagle's Wings Counseling

Explanation of Fees

\$90.00 = Regular rate per one fifty minute counseling session.

\$60.00 = **30% discount** for MCOG members & others who are members in good standing at their church.

A Referral from your Pastor affirming your good standing is required to be eligible for this special discount.

Scholarships = For those with less income Eagle's Wings Counseling is happy to provide further discounts (*sliding scale based on income*) to ensure you receive the counseling you and or your family needs.

At first glance these fees may seem expensive, but in reality they are much lower than national or even local averages. You simply cannot put a price on a successful life or marriage, however you can put a price on lawyers, inpatient centers and other cost factors that you will experience if you don't conquer the war within. The reality is most of us spend more money on less important things every month. Please be encouraged to make an investment in your own future by allowing God to help you through biblically based counseling.

All fees are used for ongoing continuing education and the overall ministry expenses of Eagle's Wings Counseling.

Legacy Giving: After your season of counseling is over please consider helping others experience the help you did by:

1. Praying for the ongoing success of this ministry.
2. Referring people who need counseling.
3. Give a one time financial gift of any size.

Your financial gift will be used as a "scholarship" to help make counseling affordable to someone less fortunate.
