SPECIAL OFFERING-NOV. 16

As we worship, grow, and go, we want to pursue excellence in everything we do. There comes a time when there are needs to upgrade some areas in our church. We have come to such a place now in the area of our audio-visual equipment. We need to update our media and technology equipment for our screens, computers for new software programs, and adequate projectors. Many of you have noticed that at times the words on the screens are not as clear and crisp as we would like them and the colors are not quite right. We need to upgrade to this new equipment which will make it easier for people to read while we are worshipping here in the sanctuary and it will also help those at home who watch our broadcast on TV. We are calling this special emphasis "Project the Vision".

A special offering (which we encourage to be above and beyond your regular tithes) will be received at the end of our Morning Worship service on November 16th. There are special "Project the Vision" envelopes available November 2, 9, and 16. I was told before I came here to be your pastor that when there was a special need LBT always came through. Our "Project the Vision" goal is \$40,000 in order to upgrade to this new equipment for our screens and projectors. I trust you will allow God to use you to meet this need as we serve the Lord together!

You are loved. . . Pastor Al
