Fathers Are A Blessing From God

Deuteronomy 6:2; 6-7

Israelite history reveals that the father was to be diligent in instructing his children in the ways and words of the Lord for their own spiritual development and well-being. The father who was obedient to the commands of Scripture did just that. This brings us to *Proverbs 22:6*. To "train" indicates the

first instruction that a father and mother give to a child, i.e., his early education. The training is designed to make clear to children the manner of life they are intended for. To commence a child's early education in this way is of great importance.

Ephesians 6:4 is a summary of instructions to the father, stated in both a negative and positive way. The negative part of this verse indicates that a father is not to foster negativity in his children by severity, injustice, partiality, or unreasonable exercise of authority. Harsh, unreasonable conduct towards a child will only serve to nurture evil in the heart. The word "provoke" means "to irritate, exasperate, rub the wrong way, or incite." This is done by a wrong spirit and wrong methods—severity, unreasonableness, sternness, harshness, cruel demands, needless restrictions, and selfish insistence upon dictatorial authority. Such provocation will produce adverse reactions, deadening children's affection, reducing their desire for holiness, and making them feel that they cannot possibly please their parents. A wise parent seeks to make obedience desirable and attainable by love and gentleness.

The positive part of *Ephesians 6:4* is expressed in a comprehensive direction—educate them, bring them up, develop their conduct in all of life by the instruction and admonition of the Lord. This is the whole process of educating and discipline. The word "admonition" carries the idea of reminding the child of faults (constructively) and duties (responsibilities).

The Christian father is really an instrument in God's hand. The whole process of instruction and discipline must be that which God commands and which He administers, so that His authority should be brought into constant and immediate contact with the mind, heart, and conscience of children.

. . . Depart to Serve

(Baptizing, 1st Sunday, 10:00 am)

The human father should never present himself as the ultimate authority to determine truth and duty. It is only by making God the teacher and ruler on whose authority everything is done that the goals of education can best be attained.

Martin Luther said, “Keep an apple beside the rod to give the child when he does well.” Discipline must be exercised with watchful care and constant training with much prayer. Chastening, discipline, and counsel by the Word of God, giving both reproof and encouragement, is at the core of “admonition.” The instruction proceeds from the Lord, is learned in the school of Christian experience, and is administered by the parents—primarily the father, but also, the mother. Christian discipline is needed to enable children to grow up with reverence for God, respect for parental authority, knowledge of Christian standards, and habits of self-control.

A father’s first responsibility is to acquaint his children with Scripture. The means and methods that fathers may use to teach God’s truth will vary. As the father is faithful in role modeling, what children learn about God will put them in good standing throughout their earthly lives, no matter what they do or where they go.

Cold vs. Allergies: What are the Symptoms?

A runny nose and sneezing won’t tell you whether you have a cold or allergies, because they can be signs of either condition. But some symptoms are unique to either colds or allergies.

To help you decide, check your symptoms against this list:

	Cold	Allergies
Aches and pains	Sometimes	No
Itchy, watery eyes	Rarely	Yes
Runny nose	Yes	Yes
Fever	Rarely	No
Sneezing	Yes	Yes
Sore or scratchy throat	Yes	Sometimes
Stuffy nose	Yes	Yes
Fatigue	Sometimes (mild)	Sometimes
Cough	Yes	Sometimes

What’s the Season?

The same symptoms occurring at about the same time every year is typically indicative of allergies. Colds can hit at any time of year—even during spring and summer—although they’re most common when the weather gets chilly. Allergies often start almost immediately after exposure to the trigger and last as long as there is exposure to the trigger. Cold germs typically take 1 to 3 days to make you sick. Colds generally linger from about 3 days to a week, but can last up to 2 weeks. If getting worse, a cold may have become bacterial infection. Call doctor if symptoms last more than 1 to 2 weeks or getting worse after 5 days.

High School and College Graduates Recognition . . .
