It's What You Do With It!
1 Corinthians 12: 1-11

We read this scripture and learn that each of us has been given a special spiritual gift by God. Our first question may be "*How do we even know what our gift is?*" There are a number of online surveys that are helpful in identifying spiritual gifts. I really like the one that *Team Ministry: Gifted to Serve* offers online. The site info (gifts.churchgrowth.org).

Faith is personal but not private! While your spiritual gift is personal (everyone doesn't have your gift; different folks have different spiritual gifts) whether you decide to keep your **personal** spiritual gift **private**, is up to **you**.

Bottom Line? While identifying which spiritual gift you've been given by God is important, what's equally as important is what you do with it!
