❖ "I am so thankful and blessed that God allowed me the opportunity to attend the Ladies Retreat! I have totally been blessed! Praising God and the alter

calls, I will cherish. It was so powerful to see all the beautiful women praising and worshipping God! I received some wonderful advice from all fo the wonderful speakers. Things I will remember: When we praise the Lord it silences the Devil! To keep on the spirit of praise and praise prepares you for a miracle! The Favor of God (FOG). Blessings follow obedience. We are blessed to be a blessing! The Dawning of a New Day; I have a desire to serve God and to praise him more, and when discouraged I will praise even more by singing, praying and just giving God the praise he so richly deserve. To view your dawn through darkness to see what God has for us! I have learned unless we endure the darkness of night we cannot view the dawning of a new day. I will leave this women's retreat with this in mind, to have a deeper relationship with God. Bless thlord, and I look forward to next year's ladies retreat! God is good all the time and all the time God is good."

- ❖ "I received help to give my burden over totally to the Lord and he took full control. I put my problem fully in his hands and he took full control."
