PM- Terry Townsend

WELCOME TO ALL

We appreciate the presence of each one here today! Thank you for coming to worship and study with us.

Please participate from the heart as we praise the Lord together, study God's word, and encourage one another.

If you are a visitor to our congregation, we especially thank you for being here! As you have blessed us with your presence, we pray the assembly is a blessing to you in return.

***Please complete an Attendance Card and pass it to the inside aisles to be collected. And,*

COME BACK SOON!

CYC MEETING

There will be a meeting for all those attending CYC after morning service today.

RIGHT TO LIFE

In January, Guernsey County Right to Life will sponsor a full-page "signature" ad in the Jeffersonian. To support the pro-life message, you can fill out one of the small white envelopes on the table next to the bulletin board, then place the envelope with your donation inside in the yellow envelope This is due by this evening!

TEEN DEVO

At the Beck's on Saturday, February 2nd at 5:00

POTLUCK

Plan to stay for a meal and fellowship following morning worship next Sunday the 3rd.

EVENTS

Bi-Monthly Potluck: Feb 3

Challenge Youth Conference (CYC) at Pigeon Forge, TN: Feb. 22-24*

*See bulletin board for details

FREE ONLINE BIBLE COURSES at school.wvbs.org

We rejoice with Wyatt McElhaney and his family, as he was baptized into Christ last Friday night.

God Made Life Interesting

Seeds may be dropped into the ground upside down or sideways, yet the plants come up to the surface. One grain of corn will produce a stalk on which there may be two ears, with perhaps 742 grains on each ear. A light crop of wheat will produce approximately thirty grains on each stalk; a good crop of wheat will produce approximately sixty grains on each stalk. There will always be an even number of grains.

Beans grow up a pole from left to right, while the morning glory grows up a pole from right to left. If turned upside down, "twining" plants will uncoil and re circle their support. Guide a twiner in the "wrong" direction, and the plant will rewind itself. The higher a twiner grows, the more tightly it clasps its support.

The dandelion will grow above its surroundings whether the grass be two, ten, or twenty inches, for it must get up into the sunlight. An ordinary watermelon will have ten stripes on it. Larger ones may have twelve to sixteen stripes, but always an even number.

Every form of life in the vegetable and animal kingdom has a predetermined set of characteristics, a master plan perfect in every detail . . . God's plan. God has a perfect plan for my life and yours, which supplies all our needs—His Word (2 Peter 1:3). By His grace we receive strength to rise above all our circumstances (Romans 8:31).

How wonderful to witness His majesty in the changing seasons!

"Then God saw everything that He had made, and indeed it was very good."

GENESIS 1:31; cf. 1:11, 12, 21, 24, 25; ISAIAH 40:28; PSALM 104:24; EPHESIANS 3:10
