

Dear Parents,

Have you ever heard that silence can be loud? It's that very loud, very obvious absence of sound after your teenager has just had another argument with their sibling and stomped off in the other direction. Does it ever stop? Do they really love each other?

We will be discussing sibling rivalry this month and what you, as the parent, can do to foster relationship between your teen and their sibling(s).

Please take a moment and watch this 3 minute and 47 second video that may help give you some idea as to what is going on in their heads.
