Author: Bobby McGee

Gonna go to heaven when I die Lord
Gonna walk those streets of gold by and by
Gonna meet my Savior on some bright and sunny day
Gonna go to heaven when I die

Jesus walked on water and He calmed the stormy sea
Bled and died upon a cross on a hill called Calvary
They laid Him in a cold dark tomb but He didn't stay in the grave
Now I'm praising God for the day that I got saved

Well He called on His disciples and they went out through the land
He healed the sick, made the blind to see and the crippled man walked again
He stood in front of Lazarus' tomb and the stone it rolled away
If we'd been there we'd heard ole Lazarus say

Gonna go to heaven when I die Lord
Gonna walk those streets of gold by and by
Gonna meet my Savior on some bright and sunny day
Gonna go to heaven when I die

He taught us of His saving grace and of the prodigal son
If we'd quote the Word of God ole Satan he would run
That He would give us sanctuary if we'd lost our way
Now I'm waiting for that Resurrection Day

On a winter's night some years ago when I was lost in sin
I fell down upon my knees and my Savior He came in
Now I'm in His Word and growing stronger every day
It feels so good to stand here and say

Gonna go to heaven when I die Lord
Gonna walk those streets of gold by and by
Gonna meet my Savior on some bright and sunny day
Gonna go to heaven when I die
