Lord I don't understand
What I'm going through
Father when I hear your voice
I don't know what to do
I want to have a better life
Through Christ I can do all things
Sometimes Lord it's all I can do
Just to play this guitar and sing
Sing to you

Last night I saw your signs Lord
I heard my Father call
Said the time had come to hand
Get on your feet and stand tall
I know that I've cried out to you
A thousand times before
What is it that I'm missing Lord
I seem to need so much more
He said, "Just find your way to me"

Can't you see I'm always here
Standin' by your side
So won't you just come and take my hand
Let me be your guide
And I'll never turn away
Don't you see that I love you son
And I've had my eyes upon you
Since this worlds begun

It's good to talk to you
Talk to you in song
And please forgive me Lord
Forgive me of my wrongs
All the times I've turned away
And hid my face in shame
I hear you say that you love me Lord
That you love me just the same
That you love me just the same

I forgive you for all your sins
And it's good talking to you

So don't hide your head anymore
Just listen to my truth
I want to give you sanctuary
And take away your loss
Child can't you see I've paid your price
