

TRY AGAIN

Take me down to the river

The river of forgiveness let it flow
Let me bow down at Calvary
There's grace there for me I know
Lord I stepped outside your will again
Trying to hide with all my fear
Separated from your love by sin
I want to leave it all right hereand try again

I need to confess my sin to You
So dear Lord, please hear my prayer
I haven't been reading Your Holy Word
Or thanked You for Your love and care
Seems that when I need You the most
That's the times I turn away
To the Father, Son and Holy Ghost
I confess this sin today...oh Lord I pray

Father catch me when I'm falling
Please convict me of my sin
Oh dear God please hear me calling
I'm separated and I want to try again

So take me down to the river

The river of forgiveness let it flow
I'm on my knees before You now at Calvary
There's grace here for me I know
Lord help me live inside Your will again
Help me calm my raging fear
No longer separated from You by sin
I confess and I'll leave it all right here...and try again
Gonna try again Lord, help me try again
