## DECEMBER 2019

### THE GIFT OF GIVING

It is amazing to watch when God takes a seed planted by one person as it begins to blossom and grow into something that is beyond our wildest imagination. But that is exactly what happened when Karen Jeric asked for prayers for a young man named Devin during the sharing Joys and Concerns in worship in mid-October. Twelve-year old Devin is a friend of Karen's grandson and is in need of a lifesaving heart valve replacement. Irene, one of the members of the Grateful Praise Choir heard that prayer request and felt a stirring in her spirit to do something more than just pray. She made the suggestion to the choir director, Patricia Lawrence, that they ought to hold a benefit concert for Devin. And the rest as they say is history.

On Sunday, November 24<sup>th</sup>, Ledgewood was honored to host the Grateful Praise Choir in a benefit concert for Devin. We were blessed to have Devin and his family along with many other members and friends join us for an afternoon of beautiful music, all sung for the glory of God. We also heard Irene's stirring testimony of how God's amazing grace has been shown in her own life. All of the proceeds raised have been given to Devin's family to help offset some of the expenses for Devin's ongoing medical care. Your continued prayers are appreciated for Devin who is scheduled to have his surgery in March 2020. Special thanks to the Grateful Praise Choir and to everyone who made this special event possible!

# The Most Wonderful Time of the Year

## A Note from the Pastor:

The Christmas movies started playing around the clock several weeks ago. In theory it is to get us ready for the celebration of the Christmas holiday. However, there is a part of me that can't help wondering if it is really more of a ploy to get us ready for the Christmas holiday shopping. As all of the commercials for an extended time for "Black Friday" deals have been airing, it has made me more than a little suspicious. After all, couched in between the feel good stories of love and good cheer that come at Christmas, the marketing ads that are targeted toward getting us out into the malls as well as into cyber space earlier than ever, seem only natural.

But we should never lose sight of the real meaning of Christmas and what makes it truly the most wonderful time of the year. It is the season when we celebrate the birth of Jesus, our Savior and Lord. It is the time when we pause to remember God's greatest gift, the One who came to give His life for us.

As the season of Advent begins, we are encouraged to reflect on the Hope, Peace, Joy and Love that came wrapped in swaddling cloths and was found laying in a manger, because there was no room at the inn. Unlike those innkeepers, we can make room for Jesus in our hearts, not just at Christmas, but all year long. And as we do that, let us engage in a little "re-gifting" as we share the Hope, Peace, Joy and Love of Jesus with our family and friends and all the people whose paths we cross this season.

Wishing you all the love and joy your heart can hold at Christmas and always!

With much love, your Pastor and friend,

Pastor Heidi

## A Little **LIGHT** Humor...

### Questions to ponder...

- ? Can you cry under water?
- ? If money doesn't grow on trees, why do banks have branches?
- ? Why does a round pizza come in a square box?
- ? What did cured ham actually have?
- ? Why is it that people say they "slept like a baby" when babies wake up every two hours?
- ? Why do people pay to go up into tall buildings then put money in binoculars to look at things on the ground?
- ? How come we choose from just two people for President and fifty for Miss America?
- ? Why are you **IN** a movie, but you are **ON** TV?
- ? If nothing sticks to Teflon, how does Teflon stick to the pan?
- ? Why do we park on a driveway and drive on a parkway?

## It's About Time for Some More **LIGHT** Humor...

- ⊕ The days of the digital watch are numbered.
- ⊕ Why do we wait until night to "call it a day"?
- ⊕ I wrote a book about watch making... everyone said it was about time!
- ⊕ The shortest known unit is the time between the change of the traffic light and the honk from the person behind you.
