"Altar-ed Living: Abraham"

[Genesis 22:1-19](#)

## ***Questions for Personal Reflection or Small Group Discussion***

**Same question as last week if you didn't answer it:**

1. Where have you encountered God? Can you describe that place (altar)? What happened there? How were you changed because of it?
2. Can you think of a time you were in between promise and provision? Where were you at in your faith journey at the time and how did your faith grow in that in-between time?
3. What are some of the sacrifices God has asked/is asking you to make?
4. What do you think of when you hear the word worship? Does this story and Abraham's declaration that he and Isaac are going to worship lead to a fuller and more robust picture of worship? What act of worship can you enter into this week, apart from an official worship service?
5. Do you find yourself in between the promise and the provision? Between faith and sight? In the middle of a test? If so, how are you feeling and what steps do you need to take?
6. 6.What does this passage have to say about being "Rooted in Jesus, Growing in His Love, [and] Branching Out to Serve Others"?
