

## EXTENDED LEARNING ACADEMY

This program will be available to accommodate the A/B schedule for school. Extended Learning Academy is an in-person program that supports students, ages 5-11, who need a safe, fun, and nurturing environment to complete their e-learning through their school district. We are here to help children stay on task, avoid backslides during virtual learning, and support their academic, physical, and mental health. It is our goal to provide a supportive environment to engage with their teachers and enhance that learning with YMCA fun such as physical activity, healthy snacks, and clubs (art, STEAM, and games).
