Rev. Frank & Helena Shier, Missionary Evangelists

February 2012

Dear Friends:

This is an emergency letter! We just received word from India that one of the lots behind the Orphanage just became available for sale.

The owner of this lot is wanting to give first option to buy to the Orphanage. The owner is in need of money immediately. There is a Hindu group that is wanting this lot to build their shrine on. We need to raise approximately \$27,000 to purchase this lot immediately. It is very important as it will be needed to expand the Orphanage site for future Ministry. One church has agreed to match donations to meet this goal with a deadline set for March 30, 2012.

We want to thank those of you that have given towards the completion of the Top Floor of the Orphanage. To bring you up to date. We recently wired \$6,000 to start the building of the Top Floor. They have drawn up plans and submitted them to the city of Kakinada and applied for the building permits. Recently in Kakinada there was a 5 story building that colapsed before being finished. The City has now slowed down the issuing of building permits to make sure this does not happen again.

In a way this is a good as we certainly do not want this to happen to the Orphanage. But this has slowed down the process. They have given permission to build the pillars only at this time and then will proceed with issuing the remainder of the building permits once inspected.

The short base of existing pillars will be what the new pillars will be built on.

Yours for Little Souls,
Frank & Helena Shier
