To the Generous People at Greater Holy Temple COGIC:

The Treasure Chest Foundation and I would like to thank you for your **generous donation of toys**. Your gift is greatly appreciated and will directly benefit children and teens who are under going cancer treatment at 61 hospitals and children's cancer treatment centers in 20 states across the nation.

Sometimes the best treatment for childhood cancer comes from knowing that a toy, gift or gift card awaits each child or teen after every painful procedure. Your donation helps make the dream of providing gifts to these children and teens a reality, and for that we are most grateful.

As the Treasure Chest Foundation celebrates its milestone 25th year throughout 2021, your continued support is vital in order to keep the Treasure Chests full for these brave young cancer patients. Our glorious past and bright future are both a result of your generosity which is certain to put big smiles on the faces of young people currently faced with the challenge of battling cancer.

Again, we truly appreciate your giving to the children and teens who directly benefit from the Foundations work. Thank you for making the world a better place.

Sincerely and with gratitude,

A handwritten signature in black ink that reads 'Lisa Juarez'.

Lisa Juarez
Administrative Assistant

To the Greater Holy Temple Family ,

Thank you from my heart for your enormous donation of toys. We lost many holiday toy drive donors due to the pandemic but gained the Greater Holy Temple Family back in our corner. You were truly one of our "*aces in the hole*" during this downturn. How blessed are the kids we serve?

I feel so blessed to have your support. Thank you for being so generous and for helping us "*keep the ship afloat*." I appreciate your support so very much. There is no way to fully express my thanks for this gift. Your support means the world to me. It was my lucky day when we connected. I am so overwhelmed with gratitude J! THANK YOU!!!! What a giving parish you are.

We are grateful that you have chosen to help the Treasure Chest Foundation and the brave children battling cancer once again. Your donation helps make the dream of providing gifts to these children and teens a reality, and for that we are most thankful. It's people like you who make the world a better place.

On behalf of the children and teens served by the Treasure Chest Foundation thank you, thank you for your goodness and generosity. I appreciate your support more than these words can say.

With Gratitude Forever, Palleen
Kisel,
Founder

To the wonderful people at

GREATER HOLY TEMPLE

CHURCH OF GOD IN CHRIST

*Thank you for your most
generous gift of toys!*

*With Love,
The Children and Teens the
Treasure Chest Foundation serves.*

A Glimpse into the Impact of a Treasure Chest Program

Despite their loyalty and dedication to our worthy cause, many of our donors have never personally experienced the positive impact a visit to the Treasure Chest can have for a childhood cancer patient. Here's a brief glimpse at a typical scene as it unfolded recently at a Chicago area treatment center.

Stepping into a Children's Cancer Treatment Center, one finds myriad emotions from the young patients there. While one young girl sits quietly playing with her doll, elsewhere in the room a teenager curls up on a recliner, looking exhausted. Cancer shouldn't happen to kids. It shouldn't happen to anyone, but it does. These children are fighting to win a war against a horrible disease that wasn't supposed to invade their young bodies.

Nine-year-old Nyiah Young of Frankfort is a fixture in the Clinic Room at Hope Children's Hospital in Oak Lawn, IL. She has been coming here since the age of three, when she suffered a stroke. "The Barbie toys are my favorite," said Nyiah. As she prepares for her next treatment, her father, Carlos, watches her play with her new doll. "Getting something like this makes the day go faster," said Carlos.

As IV's filled with chemical drugs hang by each recliner, another brave young cancer patient walks in. Peeking inside the Treasure Chest is one-year-old Jacob Abraham from Oak Forest. Sporting a bald head as a result of his cancer treatments, Jacob is here more often than most. "He has a different schedule every week," said his mother, Megan Abraham. "Some weeks he is here for five days."

The Treasure Chest Foundation wants to make sure kids like Jacob are kept busy with a toy following their painful treatments. And sure enough, on this day little Jacob has chosen a Thomas train with his visit to the Treasure Chest. He smiles as he prepares to go through his treatment. His mother is glad he won't remember the hard part.

The Treasure Chest Foundation helps put smiles on the faces of toddlers and teens. There are still 27,000 children and teens in our nation who are battling cancer but not currently benefitting from our services. We would love to see the day when every little one going for a cancer treatment is able to visit a Treasure Chest and select a toy following a painful procedure.
