## The Reason for Agape House...

She already knew what it was like raising children on her own. She knew the struggles it brought but she also knew the joy. She did not want to become pregnant ever again, especially now. Her only future plans were to get married to her fiancé.

She wasn't happy about having to deal with the appointment, the testing, the discussing of her options or the waiting. She was rather indifferent actually.

We loved on her the only way we knew how, through the love of Christ. We assured her that we were not here to pressure her and that we just wanted to help her uncover her concerns and why she thought abortion was her only option. We talked with her about adoption but she wasn't sure she could do it because others may ask questions she didn't feel she could deal with.

We offered her an ultrasound and STI testing, which she accepted. The ultrasound showed quite a large baby, which was not what she nor any of us expected. She had taken several pregnancy tests at home quite some time before she even made an appointment with us. She wasn't easy to talk with. Her lack of "emotion" made it difficult to understand what she was feeling.

After the ultrasound we discussed the types of abortion procedures she would encounter. She wanted to take the abortion pill, but we explained that she was too far along and she would likely only be offered a suction abortion. She did show just a little emotion at the thought of that...but not much. She said she was absolutely sure she would have an abortion and wouldn't change her mind.

We made an appointment for a follow-up visit for her the next week but she never showed.

It was a few months later when we were finally able to reach her by phone.

We asked how she was doing and if she had made a final decision about her pregnancy. She explained that she had driven far away from home to the abortion clinic but once there, she couldn't go through with it and came back home.

She followed up with OB care and we encouraged her to enter our S.T.E.P.S. program.

## *From a Director's Heart*

### **Greetings from Agape House!**

As many of you know, after a two and half year long fierce battle with breast cancer, our daughter, Christie DeBoard Ricketts went home to be with the LORD on July 25, 2020. Our family would like to extend our most sincere appreciation to each one of you who have prayed, loved, and supported us with your many acts of kindness during this difficult time. We love and appreciate you beyond measure.

I am pleased to share with you that Agape House has remained open throughout this pandemic and continues to provide services. The added restrictions of social distancing have reduced our numbers but we, along with you, are adapting to the many changes while remaining diligent to

our calling.

We recently welcomed two new faces to the Agape House staff. Cindy Legate is serving as our Director of Development and Shaunda Shadowens is our new Clinic Receptionist. Both ladies bring much needed skills to our ministry and we are excited to have them join our team. (Please see related article.)

Speaking of necessary changes, we sure missed seeing all of you back in the spring due to not having a Spring Event. In continuing to learn and adapt to new and different ways of doing things, we are planning our very first "Virtual Walk for Life" scheduled in October. We hope you will join us in making this fundraising event a success. (Please see enclosed brochure.)

Thank you for all you do to protect the sanctity of human life.

Yours for LIFE,  
Linda DeBoard, CEO
